11901 Newlin Gulch Rd, Parker Co
80138

Entry is free, donations and raffle tickets purchase are appreciated
All cars and trucks welcome
Awards presented to eight different categories

Food- Music- Raffle- Silent Auction- Football

Who is Nate Ekhoﬀ?

Nate excelled in athletics and was a great youth soccer player but he found himself wanting to play football in the 7th grade. Nate thought it would be an easy to transition to being the kicker and punter on his youth football team, however he really struggled kicking a football. He was bound and determined to be a football kicker and punter. Things slowly started to change for Nate as he entered high school.

Nate started his freshman football season as the B team kicking and punter. By the end of the season Nate was promoted to the A team. Nate started attending kicking camps and practiced with his dad almost daily over the summer heading into his sophomore year. He was rewarded for his hard work and was named the varsity kicker, as well as the JV kicker and punter. His passion for kicking and punting steadily grew. He continued to attend kicking camps and practiced year round. Nate improved incredibly over the next two seasons and was named both All State and All American kicker at the end of his senior season. Nate made 13 field goals that season with a long of 52 yards in the state playoffs.

Unfortunately Nate was diagnosed with Leukemia on January 4, 2011. Just like with football, Nate fought the disease head on, was even being named prom king and graduated with his senior class that spring. After a thirteen-month battle, Nate went home to be with Jesus in heaven on February 26, 2012.

In honor of Nate's love of attending and competing at the kicking camps, our family hosts an annual Nate Ekhoﬀ Kicking Camp each July. All proceeds from the kicking camp provide college scholarships to graduating camp participants. The Camp has provided \$30,000 in scholarships since 2013.
